The attention of your honorable body is called to the fact that by an act of the Legislature, approved February 8th, 1871, there was loaned to the General Fund sixteen thousand dollars ($16,000), upon a certificate of indebtedness, payable six months from the date of such transfer, with interest at the rate of six per cent. per annum. Provided, that at any time after sixty days from the passage of said act, the above amount shall be payable upon the resolution of the Board of Regents of the University, notify-

ing the Treasurer that there was insufficient requisite funds in the Treasury to meet the necessary disbursements of the Board. Two such resolutions have been passed, the first bears date September 5th, 1871; the second bears date of June 26th 1872. I have to inform your honorable body that the amount is still unpaid, and I hereby recommend that steps be taken to place the amount found due to the credit of the University Fund.

I also desire to call the attention of your honorable body to the fact that the Five Per Cent Fund in the hands of Ex-Governor David Butler ($16,000) on said several interest is still unpaid. This matter has been placed in the hands of Attorney General George H. Roberts for collection, but up to this date I am not aware that any steps have been taken by him for its recovery.

SETTLEMENTS OF COUNTY TREASURERS

The law in reference to the settlements made by County Treasurers with the State should be revised, as we do require them to make returns and pay in their dues by a certain time, in default of which a penalty similar to the one now enforced in the counties should at once attach; also that the State Auditor or Treasurer be authorized to inspect the County Treasurers' books in cases where it may seem necessary.

DUTIES OTHER THAN PAYMENT OF SCHOOL FUNDS

Under the present system of conducting this branch of our School Fund investments, the State has no complete record, and I see of

the opinion that under a properly conducted system of record, the State would be able to know at any time the amount that should be payable. As this is a matter that is not so easily explained in a Report, I should be pleased to confer with a committee appointed for this purpose.

STATE INDEBTEDNESS.

The debt of the State amounts to $270,000.00
and is classified as follows:

Internal Improvement Bonds held by School Fund	$ 54,000 00
Internal Improvement Bonds held by Permanent School Fund	216,000 00
Loan from Internal Improvement Fund	$ 270,000 00

Before closing this Report, I beg leave to invite the attention of your honorable body to the condition of the General Fund. The balance therein at the close of the fiscal term, just passed, was $1,171 91. This amount, as before stated, will be absorbed by registered warrants, leaving no means with which to meet the expenses of this Legislature and outstanding indebtedness. In order to meet these indebtedness, I would recommend that you provide for the sale of the United States Bonds now held by the Permanent School Fund, also provide for a loan to the General Fund for a term of years of the proceeds of such sale, together with the amount now on hand in the so-called "Five Per Cent. Fund" and authorize the Auditor to issue a certificate of indebtedness to the Permanent School Fund for the total amount, drawing interest at the rate of ten per cent per annum, payable semi-annually from the Sinking Fund. In this transfer the General Fund will be relieved, and the interest accruing to the Temporary School Fund will be four per cent more than if invested in United States Bonds.

The General Fund has been largely overdrawn, as will appear by the following statement of General Fund levy and appropriations:

General Fund levy for the years of 1871 and 1872	$ 313,173 99
Appropriations for the years of 1871 and 1872	601,345 41
Appropriations in excess of levy	188,171 42

If the Legislature would combine the appropriations to the various ends, or provide for an adequate contingent fund, no deficiencies would occur "only by subsequent tax." But such has not been the practice heretofore. On the contrary, amounts have been appropriated for various purposes, where no means whatever have been provided for meeting their payment. That such practices must of necessity result in deficiencies is apparent to all. It is to be hoped that the present Legislature will give this subject its earnest attention and effect such changes as may be dictated by considerations of prudent, wise and economical management of financial affairs.

Very Respectfully,

HENRY A. KOENIG,

State Treasurer.
